Hi Rosemont team!

Tony has a couple more requests. I told him to ask the Forest Service for our recent comments, and that we didn't have a problem with the USFS releasing our comment letter.

Can we get him copies of the documents he references below? Thanks!

Rusty

Rusty,

Attached is the June 19, Rosemont Copper to EPA letter I was telling you about--Rosemont sent it to me.

Actually, there are several things mentioned in this letter I would like to get copies of.

Here's what I'm wondering if EPA can provide me:

1)On the front page, third paragraph, the letter mentions 4 EPA letters on the mine issue. The one I was wondering if you could send me is #4--dated March 12, 2013, titled, "Comments on CWA Section 404(b)(1) Alternatives Analysis." I have copies of all the other three letters mentioned there--two of which EPA itself sent me.

2)Also on the front page, Rosemont mentions an Attachment 1 and an Attachment 2, in the last paragraph on that page. Attachment 1 is Rosemont's response to all the comments on the Corps public notice for Rosemont's 404 permit application. Attachment 2 is Rosemont's response to EPA's original 3b letter of Feb. 13, 2012.

3)On page 3, paragraph 4, Rosemont says that in response to the aforementioned March 12, 2013 EPA letter, the company submitted a revised alternatives analysis to the Army Corps, and that the Corps has given it to EPA. I was wondering if you could provide me with a copy of that revised alternatives analysis.

That's it, Rusty.

Thanks for your help and sincerely,

Tony Davis
